

From Chris Bradley FSCVT President

As a General Rule: I believe I must take that stance that We Do Not Believe Any New Gun Laws Are Warranted or Needed.

There are now 3 Assault Weapon Bans in play, 1 from last year([H.381](#)) and two new ones both in the house([H.604](#)) and Senate([S.167](#)). Barring some horrendous event here in VT – none will move beyond initial introduction.

I believe there is no question the VTFSC is in **staunch opposition** to any such ban nonsense.

I believe we are additionally opposed to most any other “gun bill” as a matter of principle.

Two new bills you need to be aware of however share the same name but are vastly different

[H.606](#) - An act relating to firearms procedures, and

[S.160](#) – An act relating to firearm procedures
